LETTER OF RECOMMENDATION

To Whom It May Concern:

Des Peres Commons, LLC contracted with Cretewood Products to tear out our existing wood railroad retaining wall and install concrete railroad ties in our back alley. Work commenced April 14th, 2008 and was completed by April 18th, 2008, as scheduled. We are very pleased and impressed with the professionalism and the quality of work. The work and clean-up went smoothly and there were no complaints from our tenants. Mr. Jennings, the owner, kept in contact with us to give us updates and make sure there were no problems. In the future we will need to replace our wood railroad ties that border the Ace Hardware employee parking lot and we would be happy to contract with Cretewood Products again. If you have any questions, please do not hesitate to call.

Sincerely,

Richard F. Baalman
Managing Member
